

# IMPORTANT UPDATE: CAFETERIA A/C & LUNCH MENU ADJUSTMENT

Dear Parents/Guardians,

Please be advised that our school's cafeteria currently has limited or no air conditioning.

To ensure food safety and meet operational guidelines, we will implement a temporary modified lunch menu starting Monday, August 4, 2025.

Our nutrition team has prepared an adjusted menu that remains compliant, nutritious, and safe for students. These changes will be in effect until the A/C is fully operational, and or weather conditions change. The district HVAC team is working to resolve this as quickly as possible.

Thank you for your understanding.

Warm regards,

*Principal Lisa Beckwith*
