

OUR ACADEMY

At Hamilton High School Academy of Health Science, we engage students by using health science as a lens through which everyday problems are analyzed, approached and solved. Students learn how to think as health care professionals and rediscover the wonder and joy of learning.

NAF students will become a part of a national network with access to a multiplicity of exclusive opportunities, including scholarships and preferential hiring at prestigious multinational companies.

The benefits of being a NAF student include:

- Access to scholarship opportunities for undergraduate and graduate school
- Curriculum developed with the help of industry leaders
- Potential paid internship opportunities
- Opportunities to network with businesspeople
- Mentorship opportunities with successful NAF alumni
- Exclusive NAF networking and alumni events
- Preferential hiring at companies that recognize NAFTrack Certification

To be considered to become a member of the NAF cohort, complete an online application, which is located on the Hamilton High website:

OUR MISSION

Hamilton High School seeks to create a challenging learning environment that encourages high expectations, allows for individual differences, and promotes a safe, orderly, caring, supportive environment fostered by positive relationships between students and staff.

OUR VISION

Hamilton High School is committed to the educational success, emotional and physical development of ALL students. Students will be respectful, self-disciplined, productive and well-equipped for college and career readiness upon graduation.

OUR MOTTO

We Pursue opportunity with relentless drive.

We Respect diversity.

We Overcome barriers to success.

We Welcome challenges.

We Lead by example.

We are always on the PROWL!

The Shelby County School System and its Career and Technical Education Programs do not discriminate on the basis of race, color, creed, national origin, sex, disability, age or genetic information in its programs or activities and provides equal access to the Boy Scouts and other designated youth groups.

CURRICULUM*

The Hamilton High School Academy of Health Science provides students with exposure to various health science occupations and focuses on the Nursing Services program of study. The Nursing Services program of study prepares students to pursue careers in the nursing field. Upon successful completion of this program, students will be able to utilize appropriate interpersonal skills in communicating with constituents, maintain residents' rights and independence, provide safe care, prevent emergency situations, prevent infection through infection control, and perform required nursing assistant skills.

Successful completion of courses and certification exam provides students the opportunity to seek immediate employment as a Certified Nursing Assistant or Patient Care Technician.

This program of study also provides a foundation for students who plan to seek a degree in medicine and/or enter medical school.

The program of study's emphasis on anatomy and physiology along with patient care content and skills is congruent with emphasis on science and math needed for success in medical school.

• Industry Certifications

*Certified Nursing Assistant Licensure
Patient Care Technician*

• Early Postsecondary

Dual credit/enrollment possibility with local postsecondary institutions in Anatomy & Physiology and Medical Terminology
