

5-03 Weekly Update

8.14-8.18, 2023

Save the Date:

Please join us on Thursday August 17, 2023 for Meet the Teacher Night. **We will meet at 5:30 AND at 6:15.**

Reminders:

****Please check that your student has a water bottle with a lid that secures tightly. This is to avoid spills and potential damages to devices and workbooks. Disposable water bottles are strongly discouraged.****

Our Week: Fifth Grade will take the Fall iReady assessments this week.

Math:

Expectations and Procedures:

Please remember that a thin, black expo marker and the dry erase board are the essential items for this class.

In most cases, children will have a study guide to use to prepare for Module assessments. I will communicate the dates of the assessments well in advance and provide grownups with a copy of the study guide linked on this newsletter.

Topic 1: Understanding Place Value

Lesson 1: Patterns with Exponents and Powers of 10

Lesson 2: Whole Number Place Value

Lesson 3: Decimals to the thousandths

Lesson 4: Decimal Place Value

Students will have a weekly homework assignment that is due each Friday.

We will take weekly multiplication quizzes to ensure/maintain mastery of all facts. Students will have 5 minutes to complete 100 problems (Students with 504/IEP will have extended time as stated in plans.) We will also have a weekly computation check up including problems using all 4 operations.

Coming Up:

8.18- Topic 1 Study Guide Linked Please do not complete at home. We will review in class.

8.23- Math Computation Check Up

8.25- Topic 1 Assessment

8.29- Topic 1 Vocab Quiz- [Study sheet linked here](#)

9.1- Math Computation Check Up
