Science and Social Studies- Mrs. Totty

This is week 3 of Science (out of 5*this has changed!) in Quarter 3. This week we will learn about Newton's Laws of Motion

Vocabulary terms for the week are: inertia, gravity, mass, acceleration, and unbalanced force

We have had these words before, they are a review!

Definitions of the terms are due Tuesday. If not written in the spiral notebook, 5 points will be deducted. Ten points per day the HW is late.

If not in the notebook 5 points will be deducted. If homework is not completed by the due date, then 10 points will be deducted for each day it is late.

We will have a test on Friday!

*Students can make flash cards for each of the definitions, it will count for 5 bonus points on the test/quiz. There must be a separate card for each vocab word.

Flash cards are to be brought on the day of the test or quiz. (*this is an **optional** opportunity for extra credit!) Flash cards can be made every week that we have vocabulary terms, whether it is a science or social studies week. 😊

1.31- Topic 9 Assessment

Now that we are in the 3rd quarter, homework will increase to 2x weekly on Tuesdays and Thursdays. It is due back on Wednesdays and Fridays. Assignments may include workbook pages and specific problems from the assessment practice. This is in an effort to prepare for the expectations of middle school. I will no longer send out reminders that homework or a project is due. Please develop a routine to ensure that the work is completed at home in pencil and is returned to school on the due date. Homework passes may not be used on Topic Assessment Practice pages.

Math Reminders/Procedures:

-Please review multiplication facts. 5-10 minutes nightly reviewing facts as well as factors vs. multiples would benefit all students. We are beginning division, and it is **CRITICAL** that multiplication facts are mastered.

-Please remind students to arrive at class on time with all necessary materials. Ask your student what may need to be replenished- dry erase markers, pencils (no mechanical pencils), cap erasers etc. **A conduct mark will be issued to students without supplies. Students may not use a pen on any assignments in math class. Points will be deducted if a pen is used.**

This week:

Topic 8: Multiplying and Dividing Fractions

Lesson 6: Area of a Rectangle

Lesson 7: Multiplying Mixed Numbers

Students may complete IXL Lessons at home using any computer. Passwords have been distributed. The list of lessons for January are:
