## Our Week

**Math:** We will finish Fractions this week and start Module 6. Please review math facts nightly.

This continues to be a struggle and relates directly to mastery of fractions and decimal work. We will have a fact quiz this week as well as Topic B Quiz, which will count as a classwork grade.

-Lesson 4-using meters to decompose a whole into hundredths

-Lesson 5-showing equivalence between tenths and hundredths using area models and place value disks

-Lesson 6 -using area models to represent mixed numbers in fraction and decimal forms

-Lesson 7- using the place value chart to model mixed numbers in decimal form

-Lesson 8-understanding of equivalence between fractions and decimals and expression in different units

**-Students will have homework nightly. It will be written in the agenda daily by the students. A charged device is now part of nightly homework expectation.**
