## ADDITION FACTS TO 20: USE STRATEGIES

### THIS CHAPTER

Topic 3 expands on what your child has learned related to solving addition problems. Your child will demonstrate fluency with addition within 10 and build on strategies used earlier to add within 20. These strategies include counting on, making 10, and using doubles and near doubles.

#### MATH TEXTBOOK

We will use  
this website  
the whole  
year!

## ADDITION STRATEGIES

### Count on

### Make a 10

### Doubles and Near Doubles

## ADDITION AND SUBTRACTION WORD PROBLEMS

Your child will use addition facts, objects, drawings, or equations to solve word problems that include situations such as “add to,” “put together,” “take from,” “take apart,” and “compare.”

Here is how your child might use counters to solve the problem “Tonya reads 5 books. She reads 7 fewer books than Seth. How many books did Seth read?”
