

WEEK OF: December 4-8, 2023 / B Week

ELA

3.RI.CS.4 Determine the meaning of words and phrases in a text relevant to a grade 3 topic or subject area.

Mastery Connect Wednesday 12/6

Vocabulary review chapters 5-7 Friday

MATH

Topic 8 L1-4

3.NBT.A.2 Fluently add and subtract within 1000 using strategies and algorithms based on place value, properties of operations, and/or the relationship between addition and subtraction.

3.OA.D.9 Identify patterns in a multiplication chart and explain them using properties of operations. For example, in the multiplication chart, observe that 4 times a number is always even (because $4 \times 6 = (2 \times 2) \times 6 = 2 \times (2 \times 6)$), which uses the associative property of multiplication) or, for example, observe that 6 times 7 is one more group of 7 than 5 times 7 (because $6 \times 7 = (5 + 1) \times 7 = (5 \times 7) + (1 \times 7)$), which uses the distributive property of multiplication over addition).

Mastery Connect Tuesday 12/5

SCIENCE/SOCIAL STUDIES

Science: 3.ESS.1.1: Use data to categorize the planets in the solar system as inner or outer planets according to their physical properties.

Social Studies: 3.18 Analyze how people interact with their environment to satisfy basic needs and wants, including: housing, industry, transportation, and communication.

UPCOMING EVENTS:

December 11 - 20, Winter Spirit Days

December 15, First Grade Program

December 20, Class Winter Festival

December 21 - January 3, WINTER BREAK

REMINDERS:

Room sponsors have received information about our hopes for the Winter Festival. Please check email for more information/supplies needed.
