General Information

Description

The purpose of the English language Development program is to meet students at their zones of language development and to increase student English language proficiency. The goal is to foster significant growth in the English language in order to maximize the student's ability to engage meaningfully across content areas.

Expectations and Goals

Be on time for class. Have your laptops and charges EVERYDAY. Complete all assignments. If you need an extension on an assignment ask the teacher. Please do not leave the assignment undone. Be ready to learn and engage. Be kind to others. If you are not feeling well or don't think you can speak kind words try being quiet. Complete all of your work. Raise your hand if you have questions. Get permission to work with a friend or classmate who you feel can help you or whom you may be able to help. It is preferred that you do not eat in class for safety and sanitation reasons. If you feel that you have got to have a bite to eat you should ask the teacher first do not simply begin eating.

Hall Pass

It is the schools policy that students are seated in the classroom for 15 minutes before they are given permission to leave the classroom with a hall pass. School policy also commands that all students are to remain in their classroom 15 minutes before the exiting bell; therefore, students should not ask neither be given a hall pass the first 15 and last 15 minutes of class. If you are given the hall pass and you misuse the hall pass, or use the hall pass to go somewhere other than the place you designated you will lose all hall pass privileges in Ms. Merriweather's class. In such instances you should attend to your personal hygiene prior to the start of class.
