### Index Scores

The Instructional Culture Index is a summary measure of a school's instructional culture. Schools with strong Index Scores generally have strong student outcomes and retain more of their most effective teachers. Your school's Index score and Index Percentile Rank are below.

School Index Score

**9.6**

Index Percentile Rank

**84%**

### Domain Scores

Questions in the Insight survey are grouped into topics called domains. Domain scores summarize your teachers' feedback about these topics. The blue bars show your school's current domain scores and the green lines show the SCS Top Quartile.
