

# Library Summer Enrichment

Children who participate in summer reading programs make achievement leaps during the summer and score higher on fall reading achievement tests.

## Prizes for Book Reviews!

Read any book and write a review of the book to earn a prize. The review should include a summary of the story as well as what you liked and disliked about the book. Bring your book review to your first Library class in August to claim your prize. Suggestions for books are listed below but students may read any books they choose. Books can be read online by using the resources below.
