

ATTENTION PARENTS!!!

It is not too late to become a part of our Watch D.O.G.S. program. We encourage all fathers and father figures who are interested in positively impacting student behavior to join us. You can either scan the QR code or follow the link to complete the volunteer application. Once you have received your results in 5 to 7 days, please contact one of the Watch D.O.G.S. coordinators so that we can schedule your date to volunteer. We look forward to hearing from you.
