

AP Spanish Language and Culture summer work 2020

- 1) Online (Youtube, Univision- news program "Al Punto" con Jorge Ramos, BBC Mundo, TED talks, from EMC School Publishing for Culture material in video, song, news and travel <http://iculture.emcl.com> password: ICULTURE4U, etc.), watch/listen to 6 segments or interviews in Spanish, related to each of the 6 AP themes for the year: **Personal and Public Identities, Family and Communities, Contemporary Life, Beauty and Aesthetics, Global Challenges, and Science and Technology.** For each audio/video, write a brief summary (in English) telling the overall idea with at least 2-3 supporting details, from only your own comprehension. It's important to choose from a variety of Spanish-speaking countries - mainly for exposure to different accents. *Mark each with the title of the theme (of the 6 above) to which it relates.
- 2) In The Ultimate Spanish Review and Practice workbook (the one recommended), or the like, study the Future tense with "will" and complete A-D exercises, pgs. 71-74. Study the Conditional and complete H-J exercises, pgs. 77-80. Study Reflexive verbs on pgs. 82-83 and complete exercise A, E, F, H and I on pgs. 85-88. Study the Present Perfect and complete A, B and E exercises, pgs. 108-111. All exercises must be handwritten and legible. Nothing typed will be accepted (2 grades worth).

****If using another workbook, find the concepts underlined and complete an equivalent number of exercises for each.**

*****This work is truly meant to be done over the length of the summer. To your benefit, please don't wait until the last week or two before the start of school.**
