

Hello Parents!

I hope this e-mail finds you and your family doing well during these trying times.

I wanted to let you know that I sent out some Biology work to your child (through Remind) to complete while at home. While these assignment are not mandatory, they are part of the curriculum that we would have covered after Spring Break. The Remind code for Biology is @b72hf2. The assignment is on the Khan Academy website. Your child will get access to the assignment using the class code R6GAZRYY.

I hope you guys find this helpful. Please email me if you have any questions, comments or concerns. Also, if I can be of any assistance, at all, please feel free to contact me.

Have a good day and stay safe,

**Lisa M. Drumm**

Biology/Honors Biology Instructor
