

AP Environmental Summer Work

Please secure a copy of "This Borrowed Earth" by Robert Emmet Hernan (ISBN: 978-0-230-61983-8). Read the book this summer and be prepared to take a comprehension test the first week of class in August. If interested, you can take a look at last year's class calendar on my website - www.wshschemistry.com.

Thanks, Ms. Davis
