## Our Week

**Math:** We will continue working with decimals in module 6. The end of Module 6 assessment is tentatively scheduled for Wednesday, April 13<sup>th</sup>. Study guides for the assessment will be sent home this week and linked on the updates next week.

On Wednesday, April 6<sup>th</sup>, students will take a multiple choice assessment covering tenths and hundredths as decimals. This assessment will cover: locating decimals on a number line, identifying decimal amounts shown in an area model, determining equivalent fractions and decimal amounts, and matching unit form to standard form (ex: 7 ones 3 hundredths = 7.03) There will not be a study guide for the multiple choice assessment.

We will continue our TN Ready Review in BOOST and class daily.

**We will have a facts quiz on Friday. It will be mixed multiplication and division facts 0-12.**

Lesson 8: Use understanding of fraction equivalence to investigate decimal numbers on the place value chart expressed in different units

Lesson 9: Use the place value chart and metric measurement to compare decimals and answer comparison questions

Lesson 10/11: Compare decimal numbers

Lesson 12/13: Apply understanding of fraction equivalence to add tenths and hundredths

If time permits, we will move to lesson 14.

-Students will have homework nightly. It will be written in the agenda daily by the students. A charged device is now part of nightly homework expectation.

## **ELA:**

Grammar/Spelling- Reading Passage and Editing Task for homework this week. .
