ACADEMIC SHOWCASE

"English Language Arts"

In 10th grade English, students are working through a series of texts dealing with various responses to the experience of feeling like an outsider, comparing the way that different authors develop their perspective on the topic. We are focusing on the skill of making strong inferences anchored in specific details from the text, with an emphasis on writing clear and thorough analysis.

Mr. Weise, ELA II

In 12th grade English, the ACT skill of the week is Subject-Verb Agreement. In their Literature Unit One, seniors are focusing on what it means to be a hero with the anchor text, Beowulf. Lastly, seniors are working on argumentative writing skills (building their skill sets to write the comprehensive research paper at the end of the school year).
