ACADEMIC SHOWCASE

"Black History Knowledge Bowl Team"

The Knowledge Bowl Team led by Mrs. Collins and Mr. Burton was tasked with the job of learning as much as they could about Black History including inventors, politicians and even the history of the Orange Mound Community. The Annual Black History Knowledge Bowl is a community event that allows high school students an opportunity to showcase their knowledge of world history while developing character and enriching the lives of all who attend. The goal of the event is to provide an avenue for young adults to show that they are more than just athletes or entertainers, while participating in an academic competition.

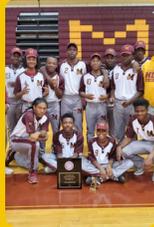

Join us in celebrating and cheering for their academic accomplishments! Pictured are students participating in the Knowledge Bowl Event. The participants included Diana Martinez, Maitree Patel, Jesus Hernandez, Kennedy Stone, Shalon Scruggs, Leslie Cabrieles and Dany Pablo Mendoza. The team placed third in the high school division.

SOCIAL EMOTIONAL LEARNING.

SELF HELP TIP :

In March, in honor of SEL Week (Feb 27-March 3), the focus is "I Make the Difference." The domain is self-care, and the modules are mindfulness, self-compassion, and self-efficacy.

SEL4US and The Urban Assembly are celebrating around the world in the fourth annual International SEL Day on Friday, March 10, 2023. This year, MSCS will be participating in activities throughout the entire week of February 27- March 3, 2023, and the theme for this year is Uplifting Hearts, Connecting Minds. Research is showing that students who benefit from SEL programs are likely to benefit academically and are better equipped to handle challenges. The skills learned from SEL programs will provide students opportunities to become better equipped citizens.

The District seeks to empower students to choose a happy and healthy lifestyle that will help them reach their highest potential. Our drug-free campaign theme this year is You Don't Want the Smoke. This campaign aims to help students understand the risks, feel comfortable asking questions, and learn to refuse bad opportunities from peers.
