

## AP Spanish Summer work 2022

Choose from the vast selection in Netflix, Youtube, HBO Max, Hulu or the like at least 1 authentic (with Hispanic actors and originally spoken in Spanish) TV series (obviously approved by parents). By day 1 of school, watch at least 10 full episodes (if 40-60 mins. long), or at least 18 (if 20-30 mins. long).

Depending on how advanced your ear and understanding is, you may watch with English subtitles, with an extra focus on LISTENING OVER reading. By the end of the minimum required, you should be very familiar with the names of the characters, the development of the plot, the country of origin in the series and/or of the actors, and what you have learned of the LANGUAGE and the CULTURE. Be ready to report, in Spanish, to the class and/or in writing. **Tip: If a friend or family member is also taking AP Spa. or another level, you might want to watch it together. It can be a lot more fun!**
