

## 2022 AP Physics Summer Work

---

I added most of you to a summer Team. Please check there first. If I did not add you then in teams – click on the “join or create a team” at the bottom of the left hand column. Enter the code for the class(es) you plan to take. 1st year students should only join AP1-Mech. Most 2<sup>nd</sup> year are only in E&M. Some 2<sup>nd</sup> year may be doubling up and if you are not sure, join both. The assignments are not that bad. 3<sup>rd</sup> year will be in AP2 with Mr. Mullins. He doesn't have an SCS email or a Team account yet, so he will be reviewing this. Contact me at [cornellm@scsk12.org](mailto:cornellm@scsk12.org) with questions.

Summer AP1-Mech 2022 – zgey1dw

Summer AP2 2022 – 54jxk45

Summer E&M 2022 – 3qluuue
