**IMPORTANT DATES**

Today, a lot of us will be watching Super Bowl LV or at least the half time performance! What I find interesting about the NFL this year in particular, which was full of COVID setbacks, injuries, and uncertainty, the teams most fans thought would be in the super bowl, are.

**Champions always seem to find a way to rise.**

I can't help but think about MCHS. As everyone has, we have had our setbacks this year with virtual learning, COVID challenges experienced by our Bulldog family, and the uncertainty of what lies ahead. However, we must also rise! It's the beginning of a new semester and we have made it halfway through the year. We must continue to push our Bulldogs forward to achieve what we know they are capable of. It won't be easy and every day things evolve, but we are Middle College and we are meant to achieve, believe, and strive to be our best selves. Together we are better! Let's show everyone the champions that call themselves Bulldogs!

We would also like to welcome **Mrs. Avalos**, as she will be filling the English position. We are so excited that she chose to join the Bulldog family mid-year and she is looking forward to continuing the great work. Welcome!
