BULLDOG CELEBRATIONS

BULLDOGS ON THE MOVE

This week, quarter three ends, which mean we are entering quarter four and the year is almost over. It is the top of the 9th! This is the time of year that can be the most challenging, especially with a school year as challenging as this one. However, we are Middle College! It is time for us to ensure we are going to come out on top. Students will engage in interventions for those who have learning gaps that need to be filled; test prep for those with end of course exams, dual credit and advanced placement exams; and end of the year celebrations and activities.

As we approach testing season, it is imperative that students keep up with assignments, complete them to the best of their ability and prepare for exams. This fourth quarter will go by extremely fast. It will soon be the bottom of the 9th, and we will be closing out the 2020-2021 school year.

Are you ready to finish strong and victorious?
Champions always seem to find a way to rise!

Are you involved??? We need you!

The PTSA is an imperative part of the MCHS experience. The more families are involved in sharing their thoughts, ideas, and resources, the more our students and school community are supported. In turn, the school thrives, our teachers thrive, and most importantly, our students thrive. As part of our MCHS compact, families commit to being involved in their student's academics, activities, and support structure. There is now a way to join online.
