CELEBRATING OUR BULLDOGS

BULLDOGS ON THE MOVE

SPORT SCHEDULE

PARENT OPPORTUNITIES

With the 4th quarter just beginning, it seems too soon for testing to begin. However, testing season is here. I know there are lots of concerns regarding testing this year, as it pertains to student readiness, fairness of the testing, and safety. Even though these factors play a part, it is imperative that everyone at MCHS completes ALL of their testing. End-of-course exams haven't happened since 2019 and with that missing data, we do not have a measure of students' progress. Additionally, Advanced Placement tests provide the potential opportunity for college credit. AP tests also show colleges that students have "follow-through" and that goes a long way. Lastly, testing is leveraged nationwide to make decisions for funding, resources, and opportunity. I am asking that at this moment, we come together and show everyone we have tried our best this entire year, and we will do our best and complete EACH and EVERY test!

Champions always seem to find a way to rise!

Are you involved??? We need you!

The PTSA is an imperative part of the MCHS experience. The more families are involved in sharing their thoughts, ideas, and resources, the more our students and school community are supported. In turn, the school thrives, our teachers thrive, and most importantly, our students thrive. As part of our MCHS compact, families commit to being involved in their student's academics, activities, and support structure. There is now a way to join online.
