**2021**

This school year has been one for the books! However, it isn't over yet, we want to close out strong and in true Bulldog fashion. Please make sure to look over the details of the next week, attendance will be taken and we want our 9th-11th grade students actively engaged. To our senior class and their families, gratitude is what I have for each of you. You have taken a year that has presented its fair share of challenges, embraced them, and pressed on. This perseverance and determination will be valuable as you leave MCHS and go on to the next adventure. We are so excited that you have been able to preserve some of the "normal" senior activities while creating new traditions for the underclassmen to carry on. We will miss you and your contributions to MCHS. Underclassmen, it's your turn to rise up and take charge! **Champions always find a way to rise!**

## Is your **ACT**<sup>®</sup> Right?

All current 9th-11th grade students must have a current ACT test on file. For students who have taken the test previously, we are strongly encouraging having a recent test score from this spring, June 12, or the last test before school commences, July 17th on file. The higher your ACT score, the more opportunities for scholarships, competitive admissions. etc...

# ***Celebrating our Bulldogs...***

**Our seniors were STUNNING and had a wonderful time at the inaugural Dejeuner en Blanc event. It was an all-white affair that will be remembered for years to come. Special shout out to Ms. Jones and Mrs. McDowell, along with the senior advisors and community sponsors for making this event extra special!**
