

# WEEK OF: December 11-15, 2023 / A Week

## ELA

**3.RI.CS.4** Determine the meaning of words and phrases in a text relevant to a grade 3 topic or subject area.

Lemonade War Chapters 8-14  
Vocab/Comprehension Test on 12/15

## MATH

Topic 8 L14-7

**3.NBT.A.2** Fluently add and subtract within 1000 using strategies and algorithms based on place value, properties of operations, and/or the relationship between addition and subtraction.

**3.OA.D.9** Identify patterns in a multiplication chart and explain them using properties of operations. For example, in the multiplication chart, observe that 4 times a number is always even (because  $4 \times 6 = (2 \times 2) \times 6 = 2 \times (2 \times 6)$ , which uses the associative property of multiplication) or, for example, observe that 6 times 7 is one more group of 7 than 5 times 7 (because  $6 \times 7 = (5 + 1) \times 7 = (5 \times 7) + (1 \times 7)$ , which uses the distributive property of multiplication over addition).

## SCIENCE/SOCIAL STUDIES

*Science: 3.ESS.1.1: Use data to categorize the planets in the solar system as inner or outer planets according to their physical properties.*

**Mastery Connect Wednesday 12/14**

*Social Studies: 3.16 & 3.17 Describe how scarcity, supply, and demand affect the prices of products. Compare and contrast how goods and services are exchanged on local and regional levels.*

## UPCOMING EVENTS:

**December 11 - 20, Winter Spirit Days**

**December 15 - First Grade Program**

**December 20 - Class Winter Festival**

**December 21 - January 3, WINTER BREAK**

## REMINDERS:

Room sponsors have received information about our hopes for the Winter Festival. Please check email for more information/supplies needed.
