

Dear Students and Parents,

In order to insure a rewarding and successful experience in AP Precalculus during the 2024-2025 school year it is important that students review prerequisite skills over the summer months. To this end, I ask that all students enroll in my class in Khan Academy using the class code below and complete all the lessons assigned by the first day of school, August 5, 2024.

## How to join your teacher's Khan Academy class

- ① Go to [khanacademy.org/join](https://khanacademy.org/join)
- ② Enter your class code and press "Add".  
Class code: **RMBDYWU9**
- ③ If you don't already have an account, press "Create a new account". Enter your date of birth, then sign up using Google, your school email, or by creating a username.
- ④ Enter your grade and course. Now you're ready to start learning!

I am excited to be your teacher and look forward to meeting you in August!
