

6-12 ELA Unit Preparation Guide

Teacher: Williamson, Y.	Unit: Romantic Literature
IG CLUE English I	Frankenstein by Mary Shelley

Purpose: The Unit Preparation Guide provides a structure that encourages teachers to think through and internalize the unit expectations. This guide only needs to be completed one time before the beginning of each unit.

Step 1: Unit Orientation	Step 2: Discuss the texts
Read the Unit Overview Preview the Texts: Whole Group/Small Group/ Independent Learning Reading Frankenstein allows students to explore the impact of societal expectations and norms upon writers. Specifically, students examine values, customs, and bioethics within Frankenstein via the impact of the Industrial Revolution, the Romantic movement, and Mary Shelley's marginalization as a female writer. Students determine how themes develop in novels and are relevant to time and to beliefs. As students read informational texts, they analyze short stories and poems with contemporary bioethical issues and thematic connections to write an informative research paper using multiple sources, correct grammar with advanced sentence structures in MLA formatting.	What is the relationship between the texts? Students explore contemporary bioethical issues and their thematic connection to Mary Shelley's Frankenstein.
Step 3: Understand the Big Picture	Step 4: Understand the Task and Standard(s) Alignment
What is the topic of the Unit? Ethical Dilemmas in Society	What is the key learning for the whole group and small group performance tasks as they relate to the standards? Students will read and discuss informational and literary texts in diverse formats, including art, articles, and poetry to assess moral principles in regard to individual and collective responsibility to humankind.
Sten 5: Understand how	Students Show Mastery

Step 5: Understand how Students Show Mastery

Review the Performance-Based Assessment at the end of the unit. Identify key "look fors" that will indicate student mastery as you prepare to review student responses.

What is the key learning for Performance-Based Assessment?

Bio Ethics Research Paper

Students will create a research paper on a topic within the realm of bioethics (examples: stem cells, "designer babies", cloning, animal testing). This 4-page double spaced paper will include five reputable sources, an outline, an MLA works cited page, a title page, and correct MLA formatting throughout the paper (in text citations, page numbers, etc.). Students will create an informational research paper based on a contemporary bioethical concern that directly relates to the bioethical dilemmas presented in *Frankenstein*. They will provide information on the specific issue and the ethical concerns surrounding it. Additionally, students will address the connection to the bioethical concerns in the novel and how they are similar or different. This writing will allow students to combine non-fiction research with the finalized accounts of *Frankenstein* demonstrating an in-depth knowledge of the complexities of the novel (such as themes, character development, or motifs).
