John P. Freeman Optional School

Zone 6

2023 Summer
Kindergarten Grade Packet

Student Name

(Please be sure to write your initials on the line at the bottom of each page.)

Parents, we are so excited to have your student join us at John P. Freeman for the 2023-24 school year. As you may know kindergarten is a very important year as students begin to learn the foundational skills that directly shape their learning and achievement. While summer is a wonderful time to relax and enjoy some fun, it is very important that we maintain learning. It is our hope that you allot time this summer to continue your child’s learning progression. The summer packet attached provides resources and activities to maintain this learning. As a note, it is always best to spend at least 20 minutes a day reading with or to your student. It is also helpful to begin practicing sight words with your student. If your student masters the attached sight word list, they can begin working on the Dolch Sight Word – Primer list located on the resource website. Again, we can’t wait to meet you all in August. Enjoy your summer! This packet is due on the first week of school.
Sincerely,
John P. Freeman, Kindergarten Team

Kindergarten Summer Packet Reading and Math Instructions

Student Name ___________________________________________________________________________

1. This packet has 6 sections for math and reading, and it is recommended that students work on one section of reading and math each week during the summer. It is **NOT** recommended to complete this packet immediately following school dismissal **nor** the night before the packet is due. Student learning is most effective if the packet is worked on throughout the summer at a steady pace.

2. You should complete all math problems without a calculator, and you should **SHOW ALL YOUR WORK.** Use additional paper if needed. No credit will be provided if your work is not shown.

3. After completing a section, rate your understanding of each week’s topic by circling the image in the chart below.
   - **Smiley face** – You understand ALL the concepts for that week and would be able to teach it to another student.
   - **Neutral face** – You understand the concepts for the most part
   - **Confused face** – You do not understand these concepts and need help reviewing.

<td>Complete worksheet on adding numbers 1-10.</td>
</tr>
<tr>
<td></td>
<td>Practice writing and naming letters W, X, Y, and Z.</td>
<td></td>
</tr>
</tbody>
</table>
What do I do if I don’t understand something?

- Use your resources (online help sites, videos, parents, siblings, etc.)
- You may use the reference links in this packet to help you.
- Make a note of the topic/question and ask your teacher to review it during the first week of school.

What happens next?

- Concepts will be reviewed and discussed during the first week of school.
- Students will receive both a participation grade and an assessment grade, based on the packet completion.

We are excited about working with all the students entering Kindergarten in 2023-2024. We want all students to feel prepared, confident, and successful for all of the important new concepts they will learn next year.
Rising Kindergartner Resources

To access additional resources including the six books students are to read for the summer learning assignments, please follow the following steps.

1. Open your internet browser and type the following into the url bar or click the link. https://www.waltonclass.com/home

2. Once you have accessed the homepage, click on the Summer Learning Packet tab.

3. Once you are on the Summer Learning Packet Page you will find the links to the assigned readings as well as read alouds to the assigned readings. You will also find videos on the alphabet and counting.

Book Report #1

NAME:__________________________________________________________________________

Book Title:______________________________________________________________________

Author:__________________________________________________________________________

Directions: In the box below, draw your favorite part of the story.
Book Report #2

NAME:

Book Title:

Author:

Directions: In the box below, draw your least favorite part of the story.
Book Report #3

NAME: ________________________________________________________________

Book Title: ___________________________________________________________

Author: ______________________________________________________________

Directions: In the box below, draw the setting. The setting is where the story takes places. For example a forest, a castle, in a park, etc.
Book Report #4

NAME: ____________________________________________________________

Book Title: _______________________________________________________

Author: __________________________________________________________

Directions: In the box below, draw a character from your book.
Book Report #5

NAME: ____________________________________________

Book Title: ______________________________________

Author: ________________________________________

Directions: In the box below, draw a picture of how the story ended.
Book Report #6

NAME: __________________________________________________________

Book Title:______________________________________________________

Author: __________________________________________________________________

Directions: In the box below, draw the story in order from beginning to end.

FIRST: ___________________________________________ NEXT: ______________

LAST: __________________________________________
I can write my name

Directions: Practice writing your name in the spaces below.
Tracing numbers 1-5

Directions: Trace all the numbers.

1 1 1 1 1
2 2 2 2 2
3 3 3 3 3
4 4 4 4 4
5 5 5 5 5
Tracing numbers 6-10

Directions: Trace all the numbers.

6 6 6 6 6 6
7 7 7 7 7 7
8 8 8 8 8 8
9 9 9 9 9 9
10 10 10 10 10 10
Tracing numbers 11-15
Directions: Trace all the numbers.

11 11 11 11 11 11
12 12 12 12 12 12
13 13 13 13 13 13
14 14 14 14 14 14
15 15 15 15 15 15
Tracing numbers 16-20

Directions: Trace all the numbers.

16 16 16 16 16 16
17 17 17 17 17 17
18 18 18 18 18 18
19 19 19 19 19 19
20 20 20 20 20 20
Directions: Count the number of toys in each row. Write how many there are.
