

Getwell Elementary School Parent & Family Engagement Plan 2020-2021

Getwell Elementary encourages Parent and Family engagement in all aspects of school life. Our parents and families jointly developed our Parent and Family Engagement Plan. Our school level plan has established the expectation for all parent and family involvement. Our parents and family will act as advisors, resource persons, and coordinators in the following areas:

- Attend school events and act as advisors.
- Serve on the Site-Based Leadership Team and SIP
- Use their talents and resources to enhance both the instructional program and the daily operations of the school.
- Become school supporters and advocates.
- Respond promptly and cooperatively to requests for feedback in the form of memos, conference requests, surveys and questionnaires.

The administrators, faculty, and staff will implement Title I requirements to the guidelines set forth in the law, which include the following:

- Inform parents and family of Title I and our participation
- Encourage parents and family to observe the school's programs and visit classrooms
- Provide parents and family with assessment results, progress reports, and other important student information
- Solicit feedback from parents and family
- Provide each parent with a copy of this Parent and Family Engagement Plan
- Assist parents and family in creating an appropriate home learning environment

To ensure that our parents participate in the development and implementation of the school's programs, we will do the following:

- Develop jointly with parents a school/parent compact and family engagement plan
- Ensure the school-parent compact describes how parents, family, students, teachers, and the principal all share equally in responsibility for student success
- Invite parents and family to an annual meeting to explain the components and requirements of Title I and inform parents of our school's participation in Title I
- Explain the rights of parents to be involved in the school and encourage parent and family participation
- Provide parents and family with flexible meetings at various times throughout the day to inform of current events and hold parent/teacher conferences to discuss student progress
- Involve parent and family in an organized, on-going and timely way in the planning, review, and improvement of programs for parent and family engagement and the school-level parent and family engagement plan
- Provide parents and family with timely information about programs under parent involvement
- Provide parents and family with opportunities for regular meetings
- Provide parents and family with a description and explanation of the curriculum and forms of academic assessments used to measure progress and the proficiency levels students are expected to meet

Note: Parent can also mean a guardian, a person who has legal custody of the child, or an individual who has physical care giving authority of the child.
