Patricia McKissack

Random House Children's Books (May 7, 1996)

### Summary:

Newbery honor author Patricia C. McKissack's original yarn of the Louisiana bayou is "told with verve and sly wit." (Publishers Weekly, Starred review) Hugh Thomas knows that the Bayou Clapateaux is a mighty peculiar place. Why, back in 1903, Papa-Daddy and Elder Abbajon caught a turkey that weighed 500 pounds...more or less. 500 pounds?! Hugh Thomas isn't so sure about that, until he's left alone on the bayou with only his fishing pole for company. Soon he catches three fish, and then...a million more! But after meeting up with raccoon bandits, thieving crows, and a hungry cat named Chantilly, Hugh Thomas returns home with just enough fish for breakfast...and a fantastic story, of course!

## ♥ Baseball Saved Us

Ken Mochizuki

Lee & Low (1993)

### Summary:

Best Multicultural Title - Cuffies Award, Publisher's Weekly Choices, Cooperative Children's Book Center (CCBC) Editor's Choice, San Francisco Chronicle Not Just for Children Anymore Selection, Children's Book Council Twenty-five years ago, *Baseball Saved Us* changed the picture-book landscape with its honest story of a Japanese American boy in an internment camp during World War II. This anniversary edition will introduce new readers to this modern-day classic. One day my dad looked out at the endless desert and decided then and there to build a baseball field. "Shorty" and his family, along with thousands of other Japanese Americans, have been forced to relocate from their homes to a "camp" after the attack on Pearl Harbor, Hawaii. Fighting the heat, dust, and freezing cold nights of the desert, Shorty and the others at the camp need something to look forward to, even if only for nine innings. So they build a playing field, and in this unlikely place, a baseball league is formed. Surrounded by barbed-wire fences and guards in towers, Shorty soon finds that he is playing not only to win, but to gain dignity and self-respect as well. Inspired by actual events, this moving story of hope and courage in a Japanese American internment camp during World War II reveals a long-hidden and ugly part of the American past. This 25th Anniversary Edition features a revised cover and a new introduction from the author and illustrator.

## ♥ Brave Girl Clara and the Shirtwaist Makers' Strike of 1909

Michelle Markel

HarperCollins (January 22, 2013)

### Summary:

From acclaimed author Michelle Markel and Caldecott Honor artist Melissa Sweet comes this true story of Clara Lemlich, a young Ukrainian immigrant who led the largest strike of women workers in U.S. history. This picture book biography includes a bibliography and an author's note on the garment industry. It follows the plight of immigrants in America in the early 1900s, tackling topics like activism and the U.S. garment industry, with handstitching and fabric incorporated throughout the art. When Clara arrived in America, she couldn't speak English. She didn't know that young women had to go to work, that they traded an education for long hours of labor, that she was expected to grow up fast. But that didn't stop Clara. She went to night school, spent hours studying English, and helped support her family by sewing in a shirtwaist factory. Clara never quit, and she never accepted that girls should be treated poorly and paid little. Fed up with the mistreatment of her fellow laborers, Clara led the largest walkout of women workers the country had seen. From her short time in America, Clara learned that everyone deserved a fair chance. That you had to stand together and fight for what you wanted. And, most importantly, that you could do anything you put your mind to. Supports the Common Core State Standards.

Penguin (December 1, 1999)

### Summary:

Julius Lester and Jerry Pinkney's warm, humorous retelling of a popular African-American folk ballad. When John Henry was born the birds, bears, rabbits, and even a unicorn came to see him. He grew so fast, he burst right through the porch roof, and laughed so loud, he scared the sun! Soon John Henry is swinging two huge sledgehammers to build roads, pulverizing boulders, and smashing rocks to smithereens. He's stronger than ten men and can dig through a mountain faster than a steam drill. Nothing can stop John Henry, and his courage stays with us forever. A Caldecott Honor Book\* "This is a tall tale and heroic myth, a celebration of the human spirit . . . The story is told with rhythm and wit, humor and exaggeration, and with a heart-catching immediacy that connects the human and the natural world." --Booklist, starred review "Another winning collaboration from the master storyteller and gifted artist of Tales of Uncle Remus fame." --School Library Journal "A great American hero comes fully to life in this epic retelling filled with glorious, detailed watercolors . . . ## My Brother Martin

A Sister Remembers Growing Up with the Rev. Dr. Martin Luther King, Jr

Christine King Farris

Simon & Schuster Books for Young Readers (2003)

### Summary:

Long before he became a world-famous dreamer, Martin Luther King Jr. was a little boy who played jokes and practiced the piano and made friends without considering race. But growing up in the segregated South of the 1920s forced a very young Martin to learn a bitter lesson -- little white children and little black children were not to play with one another. Martin decided then and there that something had to be done. And as a seven-year-old, he embarked on a journey that would change the course of American history. Renowned educator Christine King Farris, older sister of the late Dr. King, joins with celebrated illustrator Chris Soentpiet to tell this inspirational story of how one boyhood experience inspired a movement. It's a tale that will touch the hearts of all people, and remind us all that if you believe hard enough, dreams can become reality.

## Squids Will be Squids

### Fresh Morals, Beastly Fables

Jon Scieszka and Molly Leach

Viking (1998)

#### Summary:

A Fable There once was an Eagle and a Lion who had worked together on a lot of books. They did The True Story of the 3 Little Pigs!, The Stinky Cheese Man, and Math Curse. "Everyone is waiting for Science Curse," said their editor, Queen Bee. "Okay," said Eagle Scieszka and Lion Smith. "So why don't we make a book of weird fables with strange morals and call it Squids Will Be Squids?" And they did. MORAL: With these guys, you just never know. Fables have been around for a very long time. Aesop was famous for telling them, although he wasn't the first or the best-looking. Now from the incomparable team who stood fairy tales on their heads with The Stinky Cheese Man, come fables as you've never heard them before. There's the story of "Little Walrus," who tells just a little too much of the truth, and the morality tale of the boastful "Piece of Toast and Fruit Loops." We read of Slug, so busy admiring herself that she doesn't see the steamroller behind her, and learn the wise lessons of "Hand, Foot, and Tongue" (Moral: There are some things we don't talk about at the dinner table). In their inimitable style, Jon Scieszka and Lane Smith have created contemporary fables that reflect all the bossiness, sneakiness, bragging and silliness of our everyday lives. Of course, these tales are handled with such tact and sensitivity that we would never recognize a person like ourselves in them?would we? Jon Scieszka and Lane Smith are an enormously popular and highly acclaimed author and illustrator team. Mr. Scieszka perfected his keen ear for juvenile humor as an elementary school teacher. He now writes full time. Mr. Smith is a filmmaker as well as a writer and illustrator. He recently designed the characters for the film version of Roald Dahl's James and the Giant Peach. Jon Scieszka lives in Brooklyn, New York. Lane Smith lives in New York City.

## ♥ That Book Woman

Heather Henson

Atheneum Books for Young Readers (2008)

### Summary:

An exquisitely illustrated paean to everyone who struggles to learn how to read, and to everyone who won't give up on them. Cal is not the readin' type. Living way high up in the Appalachian Mountains, he'd rather help Pap plow or go out after wandering sheep than try some book learning. Nope. Cal does not want to sit stoney-still reading some chicken scratch. But that Book Woman keeps coming just the same. She comes in the rain. She comes in the snow. She comes right up the side of the mountain, and Cal knows that's not easy riding. And all just to lend his sister some books. Why, that woman must be plain foolish—or is she braver than he ever thought? That Book Woman is a rare and moving tale that honors a special part of American history—the Pack Horse Librarians, who helped untold numbers of children see the stories amid the chicken scratch, and thus made them into lifetime readers.
