## Receiving Professional Development Credit

ALL Division of Early Childhood professional development sessions are entered into the Professional Learning Zone (PLZ) platform. MSCS staff may register for courses in PLZ by either searching the online course catalog or entering the PLZ course code connected to a particular session. **Advanced registration in PLZ ends the day before a session is scheduled to occur.** While not required, advanced registration is recommended to reserve a space and help to ensure that the proper number of materials are prepared. During all professional development sessions, attendance will be taken via either a written or digital sign-in procedure. **All participants must sign in to receive professional development credit.** MSCS staff will receive attendance credit via PLZ. Once credit has been issued, participants will receive an e-mail from PLZ to complete a “Teacher Survey.” This survey must be completed for attendance credit to appear on the PLZ transcript. Community Partner participants will receive a certificate of attendance for all sessions.

All professional development must be recorded on the TDOE professional development log. Additionally, certificates and transcripts should be printed and included with the log for evidence of completion.

# June 2025

## **Keeping Students Safe: Active Supervision, Health, and Safety**

Tuesday, June 10th, 2025, 1:00-3:00pm

During this session, we will explore the importance of maintaining active supervision of all students at all times. We will look at best practices for classroom health and safety, and will engage in hands-on practice with health and safety and active supervision walkthroughs in the Pre-K Model Classroom.
