ABOUT TCAP AND EOC

Each year, parts of the Tennessee Comprehensive Assessment Program (TCAP) are given statewide to all students in grades 3 through 12 for educators and families to measure what students know, where there are opportunities for growth, and how they can best support students. Shelby County Schools also administers tests to 2nd graders.

SCS uses TCAP/EOC results and data from a variety of other assessments, along with classroom observations, to track progress and set goals for students. If you have any questions about your child's performance, we encourage you to reach out directly to his or her principal or teacher.
