Take your child on an adventure: READ! READ! READ! daily	

Information To Read

Hello Pre-K Parent! It is of great disappointment to us that we cannot continue this school year as planned. However, we are safer at home. We have made tremendous gain during this year thus far and would like to continue to show improvement with your support. Please review any previous homework skills. If you can print worksheets at home, please do so. The Dollar Tree has workbooks. If you can't have your child practice writing on old paper and identifying letters, numbers, and words from old papers. We don't want the students to lose the skills they already have.
